

## YOUNG AT HEART

**Saturday**, the 21st, 45 plus members of the Young at Heart and their guests had their first annual Liver & Spam (catfish) luncheon - LOL. (See pictures below). You had to be there.

Alan Coakley opened by saying that missions and visitation start right here in the pews of our church; that we need to get to know each other if we are going to be a better witness and start filling the unfilled needs of our brothers and sisters. Time was spent just getting to really know one another.

Special thanks to David Peacock for cooking his world-famous hush puppies, and David Bobinger and Donald Evans for the great job cooking the catfish to perfection. Members were asked to bring their favorite side dish or a dessert, and we were not disappointed. Thank goodness there are no calories at a Baptist luncheon. No one left hungry, and many were seen fixing doggie to-go boxes. I didn't know so many members owned dogs. John Stewart closed the luncheon with an uplifting and informative devotional. Thanks Bro. John.

On **August 16th**, members of the YAH will be go to Beauvoir for the day to listen to Andrew Ishee and go through the home of Jefferson Davis.

In September, we will be having another luncheon with guest speakers. More details to follow.
